WELCOME MESSAGE

The organization of the International Conference on Multimodality Cardiac Imaging comes as part of the First Riyadh Health Cluster's strategic direction to promote scientific excellence and advance clinical practices based on knowledge and innovation.

Through this scientific platform, we aim to foster integration among advanced cardiac diagnostic technologies and enhance the competencies of our national healthcare workforce—ensuring the delivery of precise and effective care aligned with the aspirations of the upcoming phase.

Hosting a distinguished group of international and local experts represents a qualitative step forward in exchanging expertise and affirming the Kingdom's position as a central hub for medical advancements in the region, particularly in high-impact specialized fields that directly affect quality of life.

We firmly believe that the future of healthcare is built upon knowledge, and that this conference will serve as a vital launching point for expanding research and clinical collaboration—contributing to the development of a flexible and sustainable healthcare model aligned with the ambitions of Saudi Vision 2030.

WELCOME MESSAGE

At King Saud Medical City, we take great pride in being the organizing body of this conference, which focuses on the use of multimodality imaging in the diagnosis of cardiovascular diseases. This includes the latest advancements in cardiac MRI, CT imaging, echocardiography, nuclear medicine, and interventional imaging.

We have ensured that the scientific program is closely aligned with the needs of healthcare professionals by offering advanced workshops and interactive clinical case presentations. These provide participants with the opportunity to explore practical applications of the latest medical developments in this vital field.

This conference is a true reflection of the efforts of the Heart Health Center at our institution in supporting subspecialties and enhancing diagnostic tools the first step toward targeted treatment and effective outcomes.

Driven by our belief in the importance of continuous education, we reaffirm our commitment to foster initiatives that elevate healthcare performance, advance medical learning environment, and contribute to empowering national talent while supporting the future of specialized cardiac care in the Kingdom.

WELCOME MESSAGE

It is with great pleasure that we welcome you to Advance Multimodality Imaging, a pivotal event taking place in the vibrant city of Riyadh from September 11/12/13 2025.

Our conference is aligned with the core values and strategic objectives of Saudi Arabia's 2030 health vision and mission. This conference represents a unique and invaluable opportunity for cardiovascular imaging professionals, researchers, and industry leaders to come together and explore the forefront of innovation in multimodality cardiac imaging. Through an engaging and comprehensive program, participants will gain insight into the latest clinical trials, updated international guidelines, and cutting-edge technologies shaping the future of cardiac diagnostics and treatment.

We are honored to host a distinguished faculty of renowned experts and thought leaders who will share their knowledge and experiences across a spectrum of imaging modalities. Whether you're seeking to enhance your clinical practice, deepen your understanding of emerging trends, or connect with fellow specialists, this event is designed to inspire and inform.

We look forward to your active participation and to sharing these transformative days with you in Riyadh — where science meets innovation in the heart of cardiac care.

DAY 1

12th SEPTEMBER 2025

Friday

07:30 - 08:00

Registration

Session 1A (Alhussein Hall): Multimodality Cardiac Imaging: From Vision to Clinical Decision-Making

Panelists: Dr. Victoria Delgado, Dr. John Carpenter, Dr. Hamad Al Habib, Prof. Mouaz Al Mallah, Prof. Richard Underwood, Dr. Ahmed Saileek, Dr. Ahmed AlJizeeri, Dr. Khalid Harbi

Time	Topic	Speaker
08:00 - 08:05	Welcome Message Opening Remark	Dr. Ayman Al Hussini
08:05 - 08:15	Cardiac imaging in Saudi Arabia: Current Landscape and Vision for the Next Decade	Dr. Mubarak Aldosari
08:15 - 08:40	Cardiac Imaging as a Catalyst for Better Outcomes: Translating Advancement into Impact	Prof. Mouaz Al Mallah
08:40 - 08:55	Improving Diagnostic Accuracy in the ER: The Evolving Role of Multimodal Imaging in acute Chest Pain'	Dr. Valeria Pergoal
08:55 - 09:15	Beyond Single Modality: A Comprehensive Assessment of Myocardial Viability Using Multimodality Imaging	Prof. Richard Underwood
09:15 - 09:20 09:20 - 09:25	• Case 1 : Post MI • Case 2 : Chronic Heart Failure with Coronary artery disease	Dr. Yazid Aleid, Dr. Ahmed Bilal
09:25 - 10:10	Mini MDT Session: The Role of Viability in Revascularization Decision-Making for Acute and Chronic Ischemic LV Dysfunction	Prof. Mouaz Al Mallah, Prof. Richard Underwood, Dr. John Carpenter, Dr. Hatim Loui, Dr. Ahmad El Arifi, Dr. Ahmed Al Saileek Dr. Yagoub Musa
10:10 - 10:25	Multi-Modality Assessment INOCA & Microvascular Ischemia (Reference 2024 ESC guideline of chronic coronary artery disease)	Dr. Ahmed Aljizeeri

10:25 - 10:35

Friday

Session 1B (Hewar Hall):

Congenital Heart Disease

Panelists: Dr. Hashim Gurashi, Dr. Huda Khalil, Dr. Khalid AL-Omran,
Dr. Magda Abdelmoneim, Dr. Mohammed Al-Shamrani

Time	Topic	Speaker
08:30 - 08:50	Introduction to Congenital Heart Disease	Dr. Huda Khalil
08:50 - 09:10	Basics of Cardiac CT imaging and MRI	Dr. Mohammed Al Hassan
09:10 - 09:30	The Role of Cardiovascular Magnetic Resonance in Diagnosing and Managing of Congenital Heart Disease Pediatric and in Adult	
09:30 - 09:50	The Role of CT in diagnosis, investigation and treatment planning of congenital heart disease and Adult	Dr. Abdulmajeed Alotay
09:50 - 10:10	Role in Treatment Planning and Postoperative Assessment in Diagnosing and managing of Congenital HEART Disease Pediatric and Congenital Heart Disease in Adult	
10:10 - 10:30	Case Studies / Clinical Examples. A Comprehensive Overview of CT and MRI Technologies	Dr. Mohammed Alhumaid
10:30 - 10:40	CT vs. MRI: Comparison	Dr. Mohammed Al Hassan
10:40 - 11:00	Limitations and Risks of Cardiac CT MRI	Dr. Abdulmajeed Alotay
11:00 - 11:20	Future Perspective and Technological Advancement

Multimodality & Coronary arteries Diseases

Panelists: Dr. Faisal Hamad, Dr. Ali Alenazy, Dr. Yasmin Hanfi, Dr. Dalia Ahmed, Dr. Ayman Alhusini, Dr. Valeria Pergola, Dr. Haitham Sakr

Time	Topic	Speaker
10:35 - 10:50	CT beyond Luminal Stenosis (Reference 2024 ESC guidelines for stable coronary artery disease)	Dr. Nada Salih
10:50 - 11:05	<ul style="list-style-type: none">• Case 1• Case 2• Case 3 } Illustrative case presentation in Multimodality imaging of coronary artery diseases.	Dr. Noura ALSuwaidan, Dr. Salman Elmaki, Dr. Reem Sharif
11:05 - 11:20	Multimodality Approach for CAD: Choosing the Right Test for the Right Patient	Prof. Mouaz Al Mallah
11:20 - 11:35	The clinical use of stress echocardiography in chronic coronary syndromes and beyond coronary artery disease: a clinical consensus statement from the European Association of Cardiovascular Imaging of the ESC.	Dr. Safaa Eltyeb

11:35 - 11:45

Q&A

11:45 - 13:00

Friday Prayer, Lunch, Poster & Exhibition

13:00 - 14:00

Opening Ceremony

Session 3:

Multimodality Imaging in Cardiomyopathies & Heart Failure

Panelists: Prof. Mouaz Al Mallah, Dr. Hassan Harbi, Dr. Doaa Alhendy, Prof. Richard Underwood, Dr. Imad Ahmed Ibrahim, Dr. Talal Alotaibi

Time	Topic	Speaker
14:00 - 14:25	Defining the role of Multimodality imaging in risk stratifying and guiding therapy in Heart Failure Patients (Session with specific reference ESC heart failure guidelines 2021)	Dr. Ahmed Al Saileek

Venue

DAY 2

13th SEPTEMBER 2025

Saturday

Session 2B:

Multimodality Imaging in Structural Heart Diseases

Panelists: Dr. John Carpenter, Dr. Khalid Alharbi,
Dr. Agricola Eustachio, Dr. Soha Hekal, Dr. Maie Al Shahid

Time	Topic	Speaker
13:00 - 13:15	CT Planning for Mitral and Tricuspid Valve Percutaneous Intervention	Dr. Victoria Delgado
13:15 - 13:30	Imaging Valvular Heart Disease in Pregnancy	Dr. Fayez Al Zubair
13:30 - 13:45	Mitral Valve Repair: How TEE help the surgeon to plan the repair	Dr. Hamad Al Habib
13:45 - 14:00	Q&A	
14:00 - 14:15	Coffee Break	

Venue

DAY 2

13th SEPTEMBER 2025

Saturday

Satellite Symposium (Academy B):

Sponsored by:

 **NOVARTIS**

Time	Topic	Speaker
10:00 - 10:30	From Guidelines to Practice: Optimizing LDL-C Control in ASCVD Populations	Dr. Zakariya Hussain Albinmousa

Satellite Symposium (Academy B):

Panelist: Dr. Ahmed Aljzeeri

Sponsored by:

 **AstraZeneca**

Time	Topic	Speaker
11:00 - 11:15	Driving Amyloidosis Excellence: MDT Activation at KFMC	Dr. Yaser Nemshah
11:15 - 11:30	The management of hyperkalemia in heart failure patients	Dr. Ahmed Aljzeeri

Saturday

Session 3:

Multimodality Imaging & Electrophysiology

Panelists: Dr. Abdullah Sharaf, Dr. Ali Alenazy, Dr. Ahmed Alfagih , Dr. John Carpenter,
Dr. Yasmin Hanfi, Dr. Hussien Hado, Dr. Talal Alotaibi

Time	Topic	Speaker
14:15 - 14:30	From Diagnosis to the Procedure: How can the Artist helps the Electrician	Dr. John Carpenter
14:30 - 14:45	Fusion Imaging for Structural & EP Procedures	Dr. Mojtaba Elsyed
14:45 - 15:00	The Role of Multimodality imaging in Pulse Filled AF ablation	Dr. Fahad Almehtadi
Cardiac masses: A Multimodality imaging integrated approach Echocardiography, CT and MRI for Accurate characterization and Diagnosis		
15:00 - 15:15	A. Focus on CMR & CT	Dr. Faisal Hammad
15:15 - 15:30	B. Echocardiography	Prof. Azza Alaffy

15:30 - 15:45

13th SEPTEMBER 2025

Saturday (Hewar Hall)

08:30 - 08:45

Welcome Message

Mr. Abdulaziz Asiri

Session 1:

Panel: Dr. Badriah Alshehri, Dr. Abdulaziz Alanazi, Mr. Abdullah Alotaib, Mr. Abdulaziz Asiri, Mr. Faisal Alsuydan

Time	Topic	Speaker
08:45 - 09:00	Recent Practices and Scientific Depth in Cardiac CT Angiography	Mr. Mustafa Aldhoon
09:00 - 09:15	MRI Access for patients with CIEDs & Stent	Ms. Sara Marair
09:15 - 09:30	MRI for Right Heart Catheterization	Mr. Abdullah Almutairi
09:30 - 09:45	The dark side of imaging modalities	Ms. Areej Alharbi
09:45 - 10:00	Role of echo in lvad patient	Ms. Haya Alatel

10:00-10:10

Panel discussion + Q&A

10:10-10:25

Coffee Break

Session 2:

Panel: Ms. Areej Almutair, Dr. Sharifah Asiri, Mr. Jaber Alhehri, Dr. Aseel Alfuhied, Mr. Ahmed Alsahabi

Time	Topic	Speaker
10:25 - 10:40	The Role of OCT	Ms. Helena Correia
10:40 - 10:55	Echo-Guided procedures	Ms. Rana Alrashedi
10:55 - 11:10	AI integration in cardiac imaging	Mr. Faisal Hisham
11:10 - 11:25	AI in cardiac imaging support or substitute	Mr. Basel Almuabbadi
11:25 - 11:55	Mastering IVUS: Your Step by step Guide	Mr. Muhanad Alqahtan

11:55 - 12:00

Saturday (Hewar Hall)

Session 3:

Panel: Mr. Abdulrahman Harbain, Ms. Ashwaq Alhomrani,
Mr. Mohammed Haroon, Mr. Waleed Almutairi, Mr. Faris Alotibi

Time	Topic	Speaker
13:00 - 13:15	AI - Driven in ECHO studies	Dr. Reem Alsharari
13:15 - 13:30	RED FLAGS, exploring knowledge gaps in interpreting cardiac imaging reports	Mr. Brando Yasana
13:30 - 13:45	IVUS Studies	Mr. Fawaz Alawad

13:45 - 14:00 Panel discussion + Q&A

14:00 - 14:15 Coffee Break

Session 4:

Panel: Dr. Reem Alsharari, Mr. Faisal Alnami, Mr. Bakheet Alzahrani,
Mr. Fahad Almutairi, Ms. Bashayer Almutairi

Time	Topic	Speaker
14:15 - 14:30	Unmasking heeding stroke Causes: where does ECHO stand Today	Ms. Ashwaq Alhomrani
14:30 - 14:45	CT Screening For TAVI Cerebral embolic Protection device	Mr. Ahmed Takrouni

14:45 - 15:00 Panel discussion + Q&A
